

## My Birthday Party

- I celebrated my 7<sup>th</sup> birthday on the 3<sup>rd</sup> of July.
- My home was beautifully decorated with colourful balloons.
- My friends and cousins arrived excitedly, wishing and carrying wonderful gifts.
- My mum prepared my favourite dishes and many mouth-watering sweets for the guests.
- We all wore spiderman party hats to cut the huge Spiderman cake on the table.
- I made a wish and blew out all the seven candles on my cake and everyone sang 'Happy Birthday' to me.
- After tasting all the dishes on the table we enjoyed playing musical chairs, dancing, singing along and bouncing on my trampoline.
- My Dad bought lots of different flavoured ice creams on cones bringing excitement and joy to all.
- We hired a pony to enjoy short rides around our garden.
- It was a special day for me with lovely memories.
