

If I meet a genie...

I will be delighted to see a genie appearing from my ring! It would be lovely to see a smiling genie bow down to me and say, "Master, I will grant you three wishes!"

I would love to meet an Aladdin genie. A big, tall and strong genie who would be like a true friend to me. A smart, friendly and kind genie. He would be like a monster but not frightening. He would be powerful but harmless. A blue, shirtless genie!

I will ask the genie to carry me over the Ocean and out of space for a day. It would be thrilling to float in space. A chance to get a glimpse of the moon and the planets. I would be able to see satellites and spacecraft. I would love to experience the feeling of weightlessness when travelling in space. I might get a chance to see UFOs too. It would be fun to perform spacewalks if my genie allows it. I will carry a camera to get pictures in space. It would be a memorable one.

Once I return home, I will ask the genie to spread my table with delicious food. It would be a heavenly treat. I will enjoy every moment of it with my family.

Next, I will ask the genie to turn me into a superhero. I will not waste time travelling in vehicles. I will reach my destination in a matter of minutes. I can help a lot of people. I can rescue people and animals from dangerous situations. I will help children in danger. I will help old people with difficulty walking. I would be able to carry them to their destinations. I will have a huge strength to lift heavy things. I can defeat my enemies. I can fight criminals and make society safe to live in. I will help firemen in action. I will have super strength, power and speed.

I am thrilled at the thought of meeting a genie! I wish it would come true.
